#### PROVISION OF A BACK-UP SERVER FOR THE E-PERMITTING SYSTEM

E-permitting  
 COMPLETED

Improvement of the electronic system for the issuance of building permits through the provision of a back-up server, which will enhance its stability and availability for over 6,500 users that benefit from it every day. Server and network equipment were procured through the project, as well as necessary licences. The aim of this activity was to contribute to the creation of a more favourable business environment by improving the efficiency and transparency of the e-government and, ultimately, to new investments. At the same time, citizens' trust in institutions, as well as the quality of services that are being offered through the e-government will also be enhanced.

### REHABILITATION OF MULTI-PURPOSE OUTDOOR SPORTS FIELDS AND SUMMER STAGE IN GOLUBAC

Local Infrastructure

COMPLETED

The rehabilitation works on multi-purpose outdoor sports fields and the construction of a roof on the summer stage will contribute to the improved cultural and tourist potential of the Golubac municipality, while providing better conditions for sportspersons and both the youth and elderly population. The conditions for the organisation of cultural events will also be improved, leading to a higher number of tourists visiting Golubac.
