The Programme aims to improve management of territorial development and foster economic growth, social infrastructure and social cohesion.

EU PRO Plus is implemented with the European Union financial support of 40 million Euros. The Programme realisation is led by the Ministry of European Integration and implemented by the United Nations Office for Project Services (UNOPS).

The direct beneficiaries of the EU PRO Plus Programme are: the Ministry of European Integration, 99 local self-governments, local administration structures, regional development agencies, other business support organisations, micro, small and medium enterprises (MSMEs) and civil society organisations (CSOs).

The inhabitants of the 99 cities and municipalities are the final beneficiaries of the Programme.
