The call was open from 3 December 2021 to 31 January 2022

## RESULTS

### Approved

### Project type

**34** Applications from  
33 local self-governments

**9** Cultural facilities

**8** Education facilities

**7** Health and social care facilities

**6** Sports facilities

**3** Communal infrastructure

**1** Municipal administration building

**20** Šumadija and Western Serbia

**14** Southern and Eastern Serbia

**8,272,532 Euros** Total value of approved projects

**5,529,953 Euros** EU support through EU PRO Plus programme

EU PRO Plus provides support to improvement of local infrastructure through the reconstruction of education, health, social care, sports and cultural facilities, as well as through the improvement of communal services and public administration buildings, thus contributing to enhanced quality of life and well being of people with special focus given to the vulnerable groups and Covid-19 recovery.

APPROVED PROJECT PROPOSALS<sup>1</sup>

Local self-government	Project title	Contribution	Project description
1. BABUŠNICA	<b>Reconstruction of the kindergarten “Dečja radost” in Babušnica</b>	Total value: <b>232,265 Euros</b>  EU PRO Plus: <b>179,355 Euros</b>  Co-funding: <b>52,910 Euros</b>	Reconstruction of the kindergarten “Dečja radost” in Babušnica, built in 1977, to improve the preschool's quality of service for more than 130 children as well as the social inclusion and cohesion of the vulnerable (Roma and children with disabilities), while also contributing to better working conditions for the 20 employees.
2. BAJINA BAŠTA	<b>Establishment of the walking zone in the main urban centre of Bajina Bašta</b>	Total value: <b>309,822 Euros</b>  EU PRO Plus: <b>179,372 Euros</b>  Co-funding: <b>130,449 Euros</b>	Establishment of the walking zone in the urban, historical centre of Bajina Bašta (Kneza Milana Obrenovića Street) to improve the mobility and safety of the local population while improving the municipal communal service.
3. BELA PALANKA	<b>Reconstruction and extension of the water supply source and reservoirs “Vrelo” in Bela Palanka</b>	Total value: <b>259,690 Euros</b>  EU PRO Plus: <b>179,372 Euros</b>  Co-funding: <b>80,318 Euros</b>	Reconstruction and extension of the water supply facility “Vrelo” in Bela Palanka (120 m <sup>2</sup> ) to secure a stable water supply, hence adequate sanitary and hygienic conditions for the urban population in the municipality.
4. BOLJEVAC	<b>Completion of the water supply network in the Podgorac village in Boljevac</b>	Total value: <b>265,536 Euros</b>  EU PRO Plus: <b>179,372 Euros</b>  Co-funding: <b>86,164 Euros</b>	Completion of the water supply network in the Podgorac village in Boljevac municipality to ensure stable water supply for its 1,563 inhabitants. There is currently no sewerage in the settlement, while the water supply mainly relies on individual wells and is influenced by weather and seasons.
5. BOSILEGRAD	<b>Conversion of the former building of the Veterinary Station into social protection facility</b>	Total value: <b>343,901 Euros</b>  EU PRO Plus: <b>179,372 Euros</b>  Co-funding: <b>164,529 Euros</b>	Adaptation of the former Veterinary station facility (700 m <sup>2</sup> ) in Bosilegrad to establish a social protection facility as a temporary accommodation for socially vulnerable people facing homelessness, lack of employment and proper health care.

<sup>1</sup> The order of the projects is given in alphabetical order of the names of local self-governments

Local self-government	Project title	Contribution	Project description
